COVID – 19 STATEMENTS

Please keep in mind as we transition to takeout and outside dining, it can sometimes take time to get through to our phone line as resources are limited and we can only take so many phone calls at once.

We strongly recommend and greatly appreciate pre-orders. Calling in your order in advance ensures you get your order in and it also keeps things running smoothly for our kitchen.

Please be patient and please refrain from just driving up to place an order as we will not be taking face to face orders to ensure the safety of our staff.
